

Augmented Reality Privacy Policy

This privacy policy governs your use of the software application for mobile devices that was created by Dazard S.A.C. This privacy policy was last updated on February 22, 2022. If we need to change our privacy policy for any reason we will place a notice on our website or application.

User Provided Information

The Application may request access to sensitive permissions (eg., camera, microphone, accounts, contacts, or phone) for augmented reality features.

Security

We are concerned about safeguarding the confidentiality of your information. We provide physical, electronic, and procedural safeguards to protect information we process and maintain. For example, we limit access to this information to authorized employees and contractors who need to know that information in order to operate, develop or improve our Application. Please be aware that, although we endeavor to provide reasonable security for information we process and maintain, no security system can prevent all potential security breaches.

Your Consent

By using the Application, you are consenting to our processing of your information as set forth in this Privacy Policy now and as amended by us. "Processing," means using cookies on a computer/mobile device or using or touching information in any way, including, but not limited to, collecting, storing, deleting, using, combining and disclosing information.

Contact us

If you have any questions regarding privacy while using the Application, or have questions about our practices, please contact us via email at info@dazardstudio.com.
